

threadsafemap.h

```
graph TD; A[threadsafemap.h] --> B[QMutex]; A --> C[QMap];
```

The diagram illustrates the relationship between the `threadsafemap.h` header file and the `QMutex` and `QMap` classes. A central box labeled `threadsafemap.h` has two arrows pointing downwards to boxes labeled `QMutex` and `QMap`, indicating that this header file defines or includes the declarations for these two classes.

QMutex
